

LOUISVILLE WATER COMPANY 2009 PROFESSIONAL DEVELOPMENT

“Real-world” examples to complement curriculum! Louisville Water Company’s Professional Development includes hands-on experiments and curriculum materials!

Science & Social Studies

JUNE 8 Water Wows

Louisville Water Company and the Louisville Science Center provide a day of “WET” activities - Water Exploration & Teaching. Hands-on experiments use water as the basis for science, social studies and math lessons.

Grade level: Primary - Middle
(JCPS Code: 09-102111)

Location: Morning session is at Louisville Water Tower, 3005 River Road; afternoon session is at the Louisville Science Center, 727 W Main Street.

Time: 8:30am-3:30pm

Lunch & parking is provided

JUNE 11 Tunneling for Water

It's a first of its kind experiment in the world! Louisville Water Company is building a tunnel, 200 feet in the ground, for drinking water. Examine rocks, sand, water samples and fossils to learn how wells and a tunnel give the area a new source of drinking water. This new curriculum includes a dvd plus experiments with earth materials and the water cycle.

Grade level: Primary - Middle
(JCPS code: 09-102111)

Location: Louisville Water Tower, 3005 River Road

Time: 8:30am - 3:30pm

Lunch is provided

Practical Living

JUNE 10 Nutrition and Fitness “To Go”

“Tap into Fitness!” is a community partnership that helps students learn good nutrition and fitness. Now, the program has created “lessons in a box” for the classroom teacher.

Nutrition and Fitness boxes include simple experiments to teach serving sizes, measuring the amount of fat and sugar in foods and how to incorporate the components of fitness in a classroom setting.

The workshop is perfect for a PE teacher; but it's also a great fit for math and literacy lessons.

Grade level: Primary - Intermediate
(JCPS Code 09-1021604)

Location: Louisville Water Company, 550 South Third Street.

Time: 8:30-3:30pm

Lunch is provided; free parking available in the water company's garage at 550 South Third Street.

LOUISVILLE WATER COMPANY'S PROFESSIONAL DEVELOPMENT IS FREE!

REGISTER: educationprograms@lwcky.com or 502.569.3695

JCPS teachers should also register with PD Central
Archdiocese of Louisville teachers - look for a listing in the Summer PD Directory

All PD Courses are Six Credit Hours
